The UW Department of Gender, Women & Sexuality Studies offers undergraduate majors and minors in GWSS, a Ph.D. in Feminist Studies and graduate certificate programs in Feminist Studies and Sexuality and Queer Studies. All undergraduate majors are required to complete a senior capstone course and participate in an internship—distinctive marks of our commitment to excellence in writing and critical thinking, and to linking those skills to community-based social justice practice. Our alumnæ hold important positions in academic, professional, and non-profit institutions.
