Immigration and Undocumented Student Resources:

On Campus:

**UW DREAM PROJECT**

This page exists to provide information to support students whose presence in the United States is undocumented. The Dream Project’s goal is to provide all students with access to higher education, regardless of their background. If you are still have questions about the effect of undocumented status on college admissions, please do not hesitate to contact us.

**Leadership Without Borders**

The Leadership Without Borders Center (LWB) works to serve and empower undocumented students at the University of Washington. LWB offers leadership development resources, college success navigators, the Husky Dream Lending Library, a space for community building, and connections to other campus and community resources.

**Seattle Therapy Alliance**

Located in the Lower Queen Anne neighborhood of Seattle, STA was opened in 2009 with the two-fold vision of training graduate counseling students in psychotherapy and women’s issues while simultaneously making low-cost therapy available to women. We believe that a key to healing our wounded world lies in supporting women, one population disproportionately affected by physical, sexual, and domestic abuse, economic instability, and the weight of single parenting. Think about it: 70% of the persons who live in poverty in the United States are women and children. And, while women represent 50 percent of the world population, they perform nearly two-thirds of all the working hours, receive only one-tenth of the world income and own less than 1 percent of world property. There are very few places where women will get a break. This is one way we can help.

**Seattle Counseling Service**
A community based organization that has been dedicated to promoting health and wellness within the LGBTQ community for 45 years. We are committed to providing accessible services, offering a sliding fee scale in addition to accepting Medicaid and many insurance plans.

**Consejo Counseling and Referral Service**

An award-winning agency that has provided behavioral health services to the Latino community in the state of Washington for near four decades. Most Consejo’s clients are immigrants from Latin America who speak Spanish who represent the largest growing community in the United States today. The outcomes demonstrated by Consejo across Washington State have won it a noteworthy national reputation for providing culturally competent services designed to address the diverse needs of adults, children, adolescents and families in the Latino community.

**Asian Counseling Resource Service**

Promotes social justice and the well-being and empowerment of Asian Americans and Pacific Islanders and other underserved communities – including immigrants, refugees, and American-born – by developing, providing and advocating for innovative, effective and efficient community-based multilingual and multicultural services.

**The Psychotherapy Cooperative**

A small non-profit therapy organization created in 1996 by several psychology faculty who teach in the Masters Psychology program at Seattle University and by graduates of this program.

**Community Counseling and Psychology Clinic at Antioch University Seattle**

Trained in a variety of clinical psychology and counseling techniques, our staff consult with you to identify the best approach for your situation. In partnership with seasoned, licensed psychologists and counselors, the Clinic provides supervised learning opportunities for graduate students, with special attention to understanding multicultural differences.

**No Health Insurance?**

If you’re a typical college student without much income, there are subsidies available to lower the cost of private insurance. If you are low-income, you might be eligible for public insurance, also known as Medicaid, for which you would not need to pay. As you apply for the insurance through an online exchange, you will be prompted to enter income and demographic information. The system will determine your eligibility for Medicaid and subsidies based on this information. **Affordable Care Act**

**UW Counseling Center**

Counseling Center’s staff of psychologists and mental health counselors provide confidential and culturally-sensitive counseling, consultation, referral, and crisis intervention services. The UW Counseling Center exists to support UW students in all aspects of their development. It provides personal counseling, career counseling, study skills assistance, and other services to currently-enrolled UW students.
