

PhD Supervisory Committee Change Request Form

It is possible to change the members of your Supervisory Committee if necessary, such as when your dissertation focus shifts or if a new faculty member would be a valuable addition. Before making any changes to your committee, consult with your Supervisory Chair, the Director of Graduate Training, or the Department Chair to discuss the proposed changes. Make sure to refer to the Graduate School's policy on the [Supervisory Committee for Graduate Students](#) before making any changes.

Student Name: Student Number:

Expected QTR/YR of General Exam: Expected QTR/YR of Final Exam:
