

DOCTORAL SUPERVISORY COMMITTEE FORM

Appointment of Doctoral Supervisory Committee

A supervisory committee is appointed by the Dean of the Graduate School to guide and assist a graduate student working toward a doctoral degree and is expected to evaluate a student's performance throughout a program. A supervisory committee should be appointed no later than four months prior to a General Examination. Appointment of a supervisory committee indicates that the Graduate Faculty in a student's field finds a student's background and achievement a sufficient basis for admission into a program of doctoral study and research. Please see [Doctoral Supervisory Committee Roles and Responsibilities](#) and [Graduate School Memorandum 13 Supervisory Committees for Graduate Students](#).
